CY 2026 Unified List

Federal Version

SRTC Committees
Agenda Item 4
Page 7 (TTC) / 8 (TAC)

October 22, 2025

Requested Action

- ▶ Recommend SRTC Board approval of the CY 2026 Unified List: Federal Version.

Unified List Purpose

The Unified List is a strategic tool used to communicate current regional transportation priorities to legislators for potential funding opportunities.

This Year's Expedited Process

- ▶ Horizon 2050 MTP update is currently in progress
- ▶ Staff recommends:
 - Maintaining the existing criteria for this year's Unified List
 - Only requiring submission forms for projects not currently in the Unified List*

*Agencies were allowed to resubmit project submission forms for projects currently in the list if there were changes that they wanted reflected in the CY 2026 Unified List.

Key Dates

Draft 2026 Transportation Improvement Program Guidebook

SRTC TTC
Agenda Item 6
Page 8

October 22, 2025

TIP Guidebook

- ▶ Establishes goals and objectives for the TIP
- ▶ Outlines specific programming policies
- ▶ Provides critical TIP timelines

TRANSPORTATION IMPROVEMENT PROGRAM

ADOPTED 10/09/2025

TIP Guidebook

- ▶ Programming resource for SRTC member agencies, the Board of Directors, and advisory committee members
- ▶ The initial TIP Guidebook was developed in 2013
- ▶ Updated yearly to incorporate new schedules, procedures, and programming policies

2026 TIP Guidebook - Revisions

- ▶ Definition of Regionally Significant projects to remove transportation air quality conformity requirements
- ▶ Project Selection section to reflect the 2025 call for projects
- ▶ 2027-2030 TIP development schedule
- ▶ Congestion Management Process section to reflect the CMP approved by the SRTC Board earlier this year
- ▶ Amendment and Administrative Modification schedules

2026 TIP Guidebook - Revisions

Policy 4.4 – One Time Extension

- ▶ Challenge – impact to meeting annual obligation target
 - ▶ Other projects must be advanced or delayed to maintain the required \$12–13 million annual delivery target.
 - ▶ As project phases grow and funding, it becomes increasingly difficult to support automatic extensions and continue to deliver \$12-13M per year.
 - ▶ Late extension requests limit the ability to rebalance the program effectively.

2026 TIP Guidebook - Revisions

Policy 4.4 – Options

- ▶ **Option A – Submission Deadline and Cap**
 - ▶ Requests must be submitted by a deadline. Late requests may not be accommodated if they risk annual targets.
 - ▶ Projects or phases over \$X amount require Board approval unless replacement projects can offset lost funding.
- ▶ **Option B - Discretionary Approval for extensions**
 - ▶ Project extensions are not automatic. Approval will depend on:
 - Available obligation capacity;
 - Timeliness of the request; and
 - Demonstrated need and readiness of replacement project

Next Steps

November

- ▶ Board - briefing
- ▶ Committees - recommendation

December

- ▶ Board - approval
