Connect 2035 Strategic Plan

SRTC

September 25, 2024

What is Connect 2035?

- STA's next 10-year strategic plan
- Phase 1 Strategic Foundation – adopted in December 2022
 - Informed by community input
 - Updated agency mission and vision
 - Developed goals, strategies, and headline performance measures
 - Anchored on principles from STA's Comprehensive Plan

Vision

Connecting everyone to opportunity

What we heard people want for the future

Buses that come often is the #1 priority for the future of transit

Service to more places is the #2 priority for the future of transit

People want STA to prioritize expanded hours all week

People see the opportunity for STA to be a leader in sustainability and climate change

Connect 2035 Goals

- Each goal in Phase 1 is supported by strategies, possible actions, and headline performance measures

Goal 1 – Elevate the customer experience

Goal 2 – Lead and collaborate with community partners to enhance the quality of life in our region

Goal 3 – Strengthen our capacity to anticipate and respond to the demands of the region

Guiding Questions for Phase 2

- What programs, projects, and supporting investments are needed to deliver on the Phase 1 Strategic Foundation?
- How should STA's service, modes, and network evolve?
- How can desired new investments align with funding?
- What will be required (e.g., resources, new capabilities, facilities) to successfully deliver the Connect 2035 strategic plan?

Sourcing Candidate Initiatives

Community Engagement Summary

Active Survey: www.staconnect2035.com

- Online survey
- Open houses
- Rider forums
- Board of Directors
- Community based organization (CBO) listening sessions and Check-ins
- Business outreach and focus groups
- Plaza activation
- Citizen Advisory Committee (CAC) and Insight Network
- Community leaders and stakeholders
- STA employees

| Contact Type | Touches to date |
|--------------------------------------------------------------|-----------------|
| Direct (email, phone, letter) | 135 |
| Email newsletter (subscribers) | 944 |
| Presentations/Tabling (Boards, committees, community events) | 328 |
| Listening Sessions and Check-Ins | 77 |
| Open Houses | 40 |
| Surveys (Community, Insight Network, Plaza interactive) | 1,119 |
| TeleTown Hall | 9,401 |
| Total | 12,044 |

Themes for Investments (Engagement + Analysis)

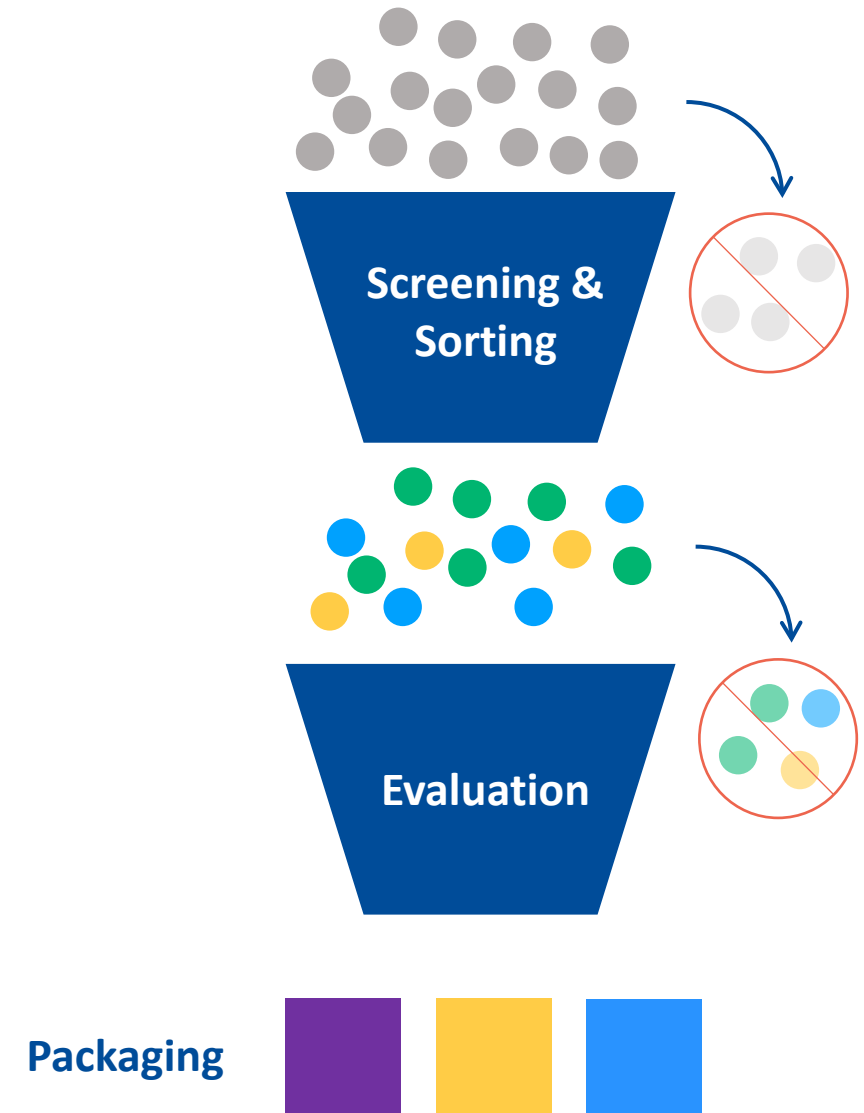

- Riders have consistently ranked **frequency** as the most important potential improvement
- Riders see significant opportunity for more **High-Performance Transit** lines
- Desire for **more and later service on weekends**, especially for people who don't work typical Mon-Fri, 8 a.m. - 5 p.m. schedules
- Locations for potential **new/increased service** (*Spokane Valley, Latah Valley, West Plains, Liberty Lake, North Idaho*)
- Materials **in-language and in other accessible** formats is critical
- Recognition of STA's efforts around **safety and security**, but desire for expanded visibility and efforts
- Riders value **real-time information** and see opportunities for continued improvement
- Riders consider STA **affordable**, though some also expressed need for lower fares

Connect 2035 Initiative and Investment Framework

From Initiative List to Packages

- Developed list of **candidate initiatives**
- Filtered out tactical/infeasible/unaligned initiatives during **screening & sorting**
- **Evaluated** initiatives against six outcomes and assessed ROI
- Highest scoring/highest ROI initiatives that respond to community needs incorporated into **alternative packages**

Core Investments & Enhancements

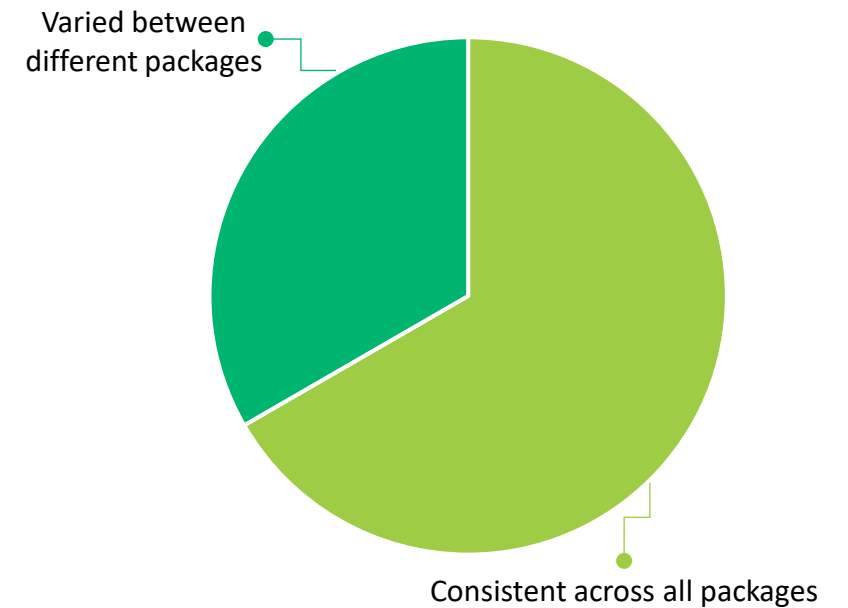

- Forecast \$85M available for strategic investments (along with outside grants) contingent on renewal of 0.8% sales tax rate
- Dedicate \$55M from available resources to the clean energy campus
- \$30M available for Enhancements

Enhancements

- Enhancements included in all packages would require ~\$20M
- ~\$10M available for additional enhancements beyond those that are included in all packages

Connect 2035 Enhancements

Goal 1: Customer Experience

Enhancements to include in all packages

Initiative

Implement the fixed route network optimization (additional night/weekend service on high-performing routes, updating service in Spokane Valley, reaching new job centers)

Pilot a safety ambassador program with trained personnel on buses and at facilities

Implement online scheduling for paratransit trips

Install lighting at all sheltered stops

Install shelters at all stops with more than 25 daily boardings

Upgrade Route 33 – Wellesley to High Performance Transit (infrastructure)

Implement a Mobility-on-Demand pilot in North Spokane Valley

Goal 2: Community Partnerships

Enhancements to include in all packages

Initiative

Increase programs teaching new riders to use the bus, including partnerships with CBOs

Establish a CBO network to support and strengthen STA's community engagement efforts focused on underrepresented communities

Expand outreach to employers to educate about the benefit of transit and STA's service options

Increase educational efforts to raise awareness of service information in languages other than English and ability to request translations

Identify locations for installation of signage (and other rider resources) in languages other than English

Work with event organizers to integrate transit fare into event tickets

Work with Visit Spokane, hotels, and event organizers to develop partnerships and enhance information for visitors

Work with partners (SRTC, Avista) to expand access to public electric vehicle charging at STA facilities

Goal 3: Capacity

Enhancements to include in all packages

Initiative

Invest in staffing to support of strategic initiatives.

Upgrade Computer-Aided Dispatch / Automatic Vehicle Location systems for more accurate real-time information

Implement telematics in fleet vehicles to increase safety, efficiency, and opportunities for expanded operator training

Purchase a CRM system to streamline customer interactions and improve service delivery

Establish an organizational development program

Enhance employee engagement and communications efforts to retain STA talent

Invest in our operators by upgrading break rooms and amenities, expanding access to high-quality restrooms along routes, and developing new operator support systems

Increase transparency by developing user-friendly, public-facing dashboards for key performance indicators and making it easier to access and use publicly available data

Enhancements

Three alternatives for additional enhancements using the remaining ~\$10M
(anticipate ability to pursue two packages)

Package A – Reduced Fares

Develop an eligibility-based reduced fare program for riders experiencing low incomes *(pending Connect Spokane fare policy update)*

Package B - High Performance Transit

Upgrade Route 28 - Nevada to High Performance Transit (infrastructure)

Conduct planning and design for future HPT corridors (Route 61 - Highway 2/Fairchild, Extend Route 90 - Sprague to the Appleway Park-n-Ride, extending Division BRT to Mead, planning for future high-capacity transit corridors)

Fund station area TOD planning efforts in partnership with municipalities

Package C - Mobility-on-Demand

Implement MOD pilots in Latah Valley, Liberty Lake, and unincorporated portions of the West Plains

Launch an inclusive MOD pilot geared towards older adults and people with disabilities to test same-day scheduling for paratransit

Pilot new user interface and in-vehicle technology to enable rideshare users to book and pay for trips on-demand

Next Steps

| Date (2024) | Activity |
|--------------|------------------------------------------------------------------------------------------------------------------------------|
| September 30 | Community Survey closes |
| October 2 | Present results of community engagement and packaging guidance to Planning & Development Committee |
| October 17 | Present results of community engagement and packaging guidance to STA Board of Directors. Action: selection of final package |
| October 30 | Board of Directors Workshop. Agenda: overview of draft plan, implementation steps, performance tracking |

New - Equity Guiding Principle

- Outgrowth of Equity Planning Framework
- Recommendations adopted by Board in Dec. 2022
- Spring / Summer review by committees, SRTC Board, and Equity Working Group

The screenshot displays the 'Equity Statement' from the Spokane Regional Transportation Council (SRTC). The document is titled 'SRTC' with the subtitle 'SPOKANE REGIONAL TRANSPORTATION COUNCIL'. The 'Equity Statement' section defines the SRTC's mission to ensure all Spokane County residents have access to safe and reliable transportation options that support economic opportunity and quality of life regardless of a person's economic, social, ethnic, race, age, sexual orientation, physical, mental, or geographic circumstances. It also defines 'Equity' as action to promote fairness of opportunity for all people, 'Race Equity' as the vision or existence of a community, society, or world in which race or color does not predict the amount and quality of opportunities, services, and benefits, and 'Equity in transportation' as seeking fairness in mobility and accessibility to meet the needs of all community members. The 'What is the Equity Planning Framework?' section states that the proposed equity planning framework includes the primary themes and recommendations which emerged from the 2022 equity planning work group and framework development process. The document has footnotes for Washington State Department of Transportation, Washington State Office of Financial Management, and the Transportation Planning Capacity Building Program.

SRTC
SPOKANE REGIONAL TRANSPORTATION COUNCIL

Equity Statement

The Spokane Regional Transportation Council's (SRTC's) mission is to ensure that all Spokane County residents have access to safe and reliable transportation options that support economic opportunity and quality of life regardless of a person's economic, social, ethnic, race, age, sexual orientation, physical, mental, or geographic circumstances. SRTC is committed to equitable delivery of its programs and services – and to pursuing equitable outcomes in the Greater Spokane community.

Equity is defined as action to promote fairness of opportunity for all people. This means removing barriers in day-to-day decisions, existing practices, and laws that deny everyone from fully participating in society.¹ The full Washington State definition of equity can be found within the State Office of Financial Management's Diversity, Equity, and Inclusion Glossary.²

Race Equity is defined as the vision or existence of a community, society, or world in which race or color does not predict the amount and quality of opportunities, services, and benefits.³

Equity in transportation seeks fairness in mobility and accessibility to meet the needs of all community members. A central goal of transportation is to facilitate social and economic opportunities by providing equitable levels of access to affordable and reliable transportation options based on the needs of the populations being served, particularly populations that are traditionally underserved.⁴

Equity gives all people a fair and just shot in life despite historic patterns of racial and economic exclusion. The ideal outcome of this work would be that transportation system burdens and benefits, as well as opportunities for all people, are no longer predictable by race or other identifiers.

What is the Equity Planning Framework?

The proposed equity planning framework includes the primary themes and recommendations which emerged from the 2022 equity planning work group and framework development process. The document has also incorporated additional feedback from SRTC's Transportation Technical Committee (TTC), Transportation Advisory Committee (TAC), and Board of Directors.

Update Highlights

- Clarifications of text & policies
- Alignment with federal & state policy
- Greater ties to performance measures
- Safety update based on Regional Safety Action Plan work
- Greater ties to priority networks
- Inclusion of technology & resiliency
- New Guiding Principle for Equity

Committee Feedback

Next Steps

- Review Guiding Principles with SRTC Board
- Share again with committees next month
- Make adjustments (as needed) and build consensus to move forward
- Final adoption in Horizon 2050 (Nov. 2025)
